THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.
Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.
The following are among the advantages offered by this Institution:—
The Guarantee of a large capital securely invested.
The peculiar Benefits secured by the principle of the Loan Department.
The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.
Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.
Part of the Capital is permanently and securely invested in the United States.
Wives may insure the lives of their husbands for their own and the benefit of their children.
The assent of the Society is not necessary to a transfer of the Policy.
For all practical purposes, this Agency is essentially an American Company, strengthed by a large bona fide Capital safely invested in London; equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.
Medical Examiners fees are paid by the Society.

E. BUTTERFIELD
(Late Butterfield & Averell's.)
WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands; on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.
Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete, and my stock of LIQUORS comprises over 1000 original Casks of the most approved brands of
Brandy, Gin, Rum, Wines, &c.
The following may be found among my stock:—

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States!
"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty-eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
Philadelphia."
May 19, 1849.
I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1849, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less [illegible], as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, [illegible], or at such other place as may be convenient for such a trial.

TUESDAY MORNING, NOV. 18, 1851.

Rufus King, Wm. H. Watson & John. S. Fillmore, PROPRIETORS.

UNDER THE NAME AND FIRM OF

RUFUS KING & CO.

OFFICIAL PAPER OF THE CITY.

FROM OUR NEW YORK CORRESPONDENT.

NEW-YORK, Monday, Nov. 10th.

"ALL HAIL, WISCONSIN!" is the exclamation on all hands here, as we receive tidings of the overthrow, in the recent election, of the incompetent and negligent, not to say corrupt, oligarchy, which, in the name of democracy, has so misruled your young and noble State. We rejoice, with the joy of friends, in a change which—if as sweeping as we hope—places in the hands of the true friends of the people the permanent power of the State. Every where, indeed, appearances would indicate that the devotion to mere party names—allegiance to mere party leaders—and faith in professions and in phrases, sported freely in proportion to the little value placed upon them by those uttering them—are fast passing away; and that the popular mind and will emancipating themselves from the trammels of party—are deliberating and determining for themselves on the merits of measures and of men proposed for the people's suffrages. If, as the telegraph of this morning reports, the Whigs shall have an ascendancy in the Legislature of Wisconsin, as well as the Executive branch, I trust their advent to power will be marked by a degree of moderation, of wisdom, and of really popular, because judicious and well-considered, legislation, that will justify what is claimed for the Whig party in point of disinterested and wise attachment to and care for our free institutions.

Here, we are still uncertain as to the issue of the election, alike as to the Legislature and the State officers. The vote has been less numerous than heretofore—and in the distraction of many ballot-boxes—there were *thirteen* in this city—and by the many intrigues of the serfs of Cotton—of Silver Grey *anti-pas*—of the Presidential aspirations of Mr. Webster and Mr. Fillmore—and of professing friends but real enemies of the Canal Enlargement—indescribable confusion of tickets has been produced. This all goes to show, moreover, the waning power of mere party names and old party prejudices. There is one result, however, in the election of Register in this city that is specially significant. Mr. Anderson, the present whig incumbent, was for many years the Chief Engineer of our fire department, and very popular—and deservedly popular—with his old associates, and very competent and accessible in his duties as Register. Being nominated for re-election—and unopposed by any of the pro-slavery, or anti-slavery combinations—and unaffected by the multifarious issues on the new political questions now in agitation—he has been beaten by a comparatively unknown man—Maj. Dyckman—whose prevailing merit was that he has fought gallantly in Mexico as an officer of the New York volunteers. He is, I believe, an entirely respectable man—but had he ten times the personal merit or party service claimed for him—he could not have approached Anderson's vote but for the one fact, of military service in Mexico. This overrode all other claims and considerations—and against tried and approved conduct in office—old and long attachments—and strenuous exertions of the Fire Department—and the labors of party and personal friends—this comparatively new man has been elected Register by more than 2,000 majority, while, on the same ticket, the whig Surrogate succeeds by 4 or 500 majority.—Every where around the polls were handbills giving an account of Major Dyckman's gallantry in the field—no other argument was used or relied on—and it completely triumphed. The inference seems plain, that to the high spirit and daring enterprize—and, I fear I must say, aggressive disposition and anticipations of our people—nothing appeals so strongly, as the *prestige* of military success. It is useless to speculate about a *fact*—for so we regard this—as attested not by the one isolated example here cited—but by the success of Gen. Jackson, of Gen. Harrison, and of Gen. Taylor. This mixed blood of ours—into which enters the blood of Great Britain, Ireland, France, Germany, and the northern nations of Europe—is, emphatically, a game-cock race—which is readily and surely stirred by the sound of the trumpet, and which, in fact and in truth, places military glory above all other glories.

The *fact*, then, being so—it seems obvious that it should be availed of so as to give the best possible—or as non-combatant Quakers might say—the least injurious, direction to it. Believing, as I do most religiously, that in the hands of the Whig party the destinies of these United States and of every state of the Union, are safest, it is satisfactory to think that the most eminent soldier of the day in this or any country is a Whig—and hence the corollary, that in putting forward that eminent soldier, WINFIELD SCOTT, as the candidate of the Whig party for the Presidency, we shall but consult the popular feeling, and the general welfare of the UNION. The result, indeed, in Pennsylvania and in this state, plainly indicates, as regards any of the old leaders of the Whigs, that with them or either of them for candidates, we but court defeat; whereas, under the lead of the glorious soldier who first shed his blood for the Union and the whole country at Lundy's Lane in 1813, and bears upon his person to this day the marks of the enemy's weapons—and who ever since, alike in peace and in war, has signalized himself by a comprehensive patriotism—and by a devotion to the supremacy of the Laws and of the Constitution which knows no North and no South, and no East and no West, but embraces and lives for the whole Union—and who, disapproving the Texas annexation and the Mexican war, yet when called upon to lead the armies of the United States, *did* lead them with consummate ability, vigor, and humanity, to the capital of the Montezumas—and, installed there with the absolute power of a Conqueror, restrained all abuses, all excesses, and gave free course and full supremacy to the laws of the land, so that the conquered blessed their conquerors—under the lead of this victorious soldier, this WINFIELD SCOTT—well named indeed, since *he never failed to win*—we may place our country and its Presidency in hands experienced, able, and peaceful withal, although those of a soldier, for that none so well as he knows the horrors, the sacrifices and the sufferings of war.

There is, in my judgment, no other result from the recent election so certain as this,—that while with either Mr. Webster, Mr. Clay, or Mr. Fillmore, we shall be surely beaten in the Presidential election, with Winfield Scott we shall surely be victorious.

Two steamers from Europe yesterday. Kossuth is in England, rapturously received there, and his speeches acceptable to all but red republicans, whose notion of liberty is in universal overthrow and the supremacy of the guillotine. Kossuth is a great man, reserved, it may be hoped, for still greater destinies.

REGISTER OF THE LAND OFFICE.—The *Commercial* of yesterday insists that Mr. POTTER was removed from the office of Register because he was "an active supporter of Mr. FARWELL and a darling and pet of the *Sentinel*." We are not prepared to believe, on such slight authority, that support of the Whig State Ticket at our recent election is deemed by the Whig National Administration a crime deserving of "the guillotine."

OSHKOSH TELEGRAPH.—The proprietor of this paper announces that it will be continued weekly till the session of the Legislature, and semi-weekly during its sitting. It promises to continue its efforts for an enquiry into the distribution of the School monies, and the doings along the line of the Improvement.

THE CABINET.—A despatch from Washington of the 12th inst. announces, as a "current report," that Mr. WEBSTER will shortly retire from the Cabinet, and that Mr. CRITTENDEN, now Attorney General, will succeed him as Secretary of State.—The same authority adds that RUFUS CHOATE, of Boston, will take the place of Mr. CRITTENDEN.

New York Lost!

The official returns of the late election in the Empire State disappoint the hopes of the Whigs and relieve the fears of their opponents. The defeat of the greater part, if not the whole of the Whig State Ticket, is confidently claimed by the Albany *Argus* of Thursday last and conceded by the *Journal* of the evening previous. The majorities for the successful candidates are small, but "sufficient for all practical purposes." In the Legislature parties are very nearly balanced. The latest accounts report the Senate a *tie*, or two Whig majority, and the Assembly a tie, or two Loco Foco majority. The success of the State ticket, however, secures to the Loco Focos all the substantial fruits of victory.—They are indebted for this result, not to their own strength, but to the divisions and dissentions in the Whig ranks, and more than all to the Castle Garden Union and Cotton Committee. The labors of these patriotic gentlemen, in the two cities of New York and Brooklyn, defeated two Whig Senators and five Whig Assemblymen, and drew off about 1500 votes from the Whig State Ticket. This turned the scale of battle and robbed the Whigs of New York of a victory to which they were fairly entitled.

NEW YORK is the fifth or sixth Whig State which has been offered up this year at the shrine of "Compromise" and MASSACHUSETTS, the sole survivor, is already between the horns of the altar. She too, no doubt, like New York, is to be sacrificed to "save the Union." The Union ought to be *well* "saved" at so costly a price. Let us at least hope that it will not, for half a century to come, require another such a hecatomb.

CONSTRUCTIVE MILEAGE.

The following article from the *Nonpareil*, so well expresses what we wish to say upon this subject, that we copy it entire, it is applicable to this State, as well as to Ohio,—Kenosha *Telegraph*.

We are glad the article in question is to our neighbour's liking, and hope it will give us credit accordingly, since it was published originally in the *Sentinel* of October 31, and copied (we presume without credit) into the Cincinnati *Nonpareil*. The *Telegraph* makes the following suggestion in the premises, which we heartily endorse. By all means let the Legislature call these "Constructive Mileage" plunderers to a strict account:

We hope the attention of our Legislature will be called to the subject, and resolutions passed expressive of the sentiment of the people of the State on this mode of plundering the Treasury of Uncle Sam.

MASSACHUSETTS ELECTION.—The latest returns of the Massachusetts Election leave little doubt that the Free Soilers and Coalition Democrats have retained their ascendancy in the State, Mr. WINTHROP, the whig candidate for Governor, beats Gov. BOUTWELL (Dem.) some *twenty thousand* votes, and PALFREY (Free Soil) *thirty-six thousand*, but fails to receive a majority of all the votes cast. There is therefore no choice by the People and the election devolves on the Legislature. In the Senate, the Coalitionists have 18 members, the whigs 11, and "No choice" 11. The House fills these last vacancies, and in that body, altho' the whigs, at the last accounts, were still ahead, the prospect is that the Coalitionists will ultimately secure the majority, and with it the power to fill the vacancies in the Senate and to choose the State Officers. The election to fill these vacancies takes place on the fourth Monday in November, and the Boston *Atlas* thinks it still in the power of the whigs to redeem the State.

THE LAST CHARGE.—The *Commercial*, in answer to our demand for the proof of its false and calumnious charge against the Whig party of having got up the spurious UPHAM letters, declines publishing the evidence and dodges the issue.—We never doubted that the charge was a wholesale fabrication, and the *Commercial's* subterfuge confirms this impression. It now volunteers to prove that the handbill was circulated by "leading members of the whig party," here and in the West. We question its ability to do this any more than to make good its first accusation, and we again call upon it to prove, or retract the false charge in relation to the manufacture of the handbill.

A NEW PARTY.—It is proposed to set up a new party with Constructive Mileage for its platform. *The Saco* (Me.) *Union* puts up the following as the Presidential ticket of the new party:

For President.

2496 00 SAM HOUSTON, OF TEXAS.

For Vice-President.

590 00 HANNIBAL HAMLIN, OF MAINE.

Should the above ticket be elected, Hon. 2 064 Foote, of Miss., would no doubt be Secretary of State, and it would be impossible to find for the Treasury Department a fitter man than Hon. 1 608 Gwin, of California.—*N. Y. Tribune.*

We trust that in the distribution of honors and offices among the members of this new party, the superior claims of our two Wisconsin Senators, Hon. 1 584 WALKER, and Hon. 1 584 DODGE, will not be overlooked. Nor should Hon. 1 950 DOUGLAS be forgotten. The "little Giant" is indisputably good at a grab!

BRILLIANT FANCY.—Not even the election of a good whig for Governor of Wisconsin can sweeten the temper, or regulate the imagination of that unhappy sheet, the Fond du Lac *Patriot*. Here is its last:

The Milwaukee Sentinel has lately been indulging itself in abusing the Postmaster General, because of the irregularity of the mails in arriving at the Milwaukee Post Office.

Prove it! brother Hyman.

MISSISSIPPI ELECTION.—The result of the recent election in Mississippi has been much closer than the first rumors led us to anticipate. In 55 counties Gen. FOOTE, the "Union" candidate, is only 1,000 ahead. Four counties remain to be heard from. It is conceded, however, that the Union Ticket is successful, tho' the Legislature is unexpectedly close. Of the four Congressmen elect, three were supported by the "Union" party.

☞ The Rock Co. *Badger*, in view of the fact that the Whigs and Free-Soilers will probably have a majority on joint ballot, in the next Legislature, affectionately invokes our Democratic Senators, and especially "the old Sauk Chief," to "take good care of their health."

A COMFORTABLE STATE OF THINGS.—The semi-annual payment of interest to European capitalists, on government, state, city, railroad, and other securities, held by them in the United States, due on the first of January next, amounts to ten millions of dollars.

CENSUS OF PENNSYLVANIA.—The total number of white males in Pennsylvania on the 1st June 1850 was 1,142,893; white females, 1,115,600—total whites 2,258,463. Colored males 25,057, do females 28,266—total black, 53,323. Total population 2,311,786.

RIOT CASE.—The rioters on the Buffalo and State Line Railroad were tried last week in Buffalo, and nine of them convicted. Twenty-three more are to be tried; they were "Corkonians" and "Connaught men," fighting out their old quarrel.

LAKE ERIE.—The Detroit *Free Press* says that the steamer *Keystone State*, her charter party with the New York and Erie Railroad having expired, has commenced running to Toledo and other ports to look up freight and passengers.

FANCY NAMES.—In Alabama, during the late political contest, the "fire-eaters" called the Union Democrats "soap-tails." Since the fire-eaters have been beaten everywhere, and are sneaking out of the treason, the Union men have christened them "sore-heads."

KENNY THE MURDERER.—Kenny, who murdered Robinson, first engineer of the Globe, has stipulated to have his examination proceed in Detroit, and to lie in jail there, rather than return to Mackinaw.

KENOSHA CIRCUIT COURT.—Judge HUBBELL is holding the Kenosha Circuit in place of Judge WHITON, detained at home by illness in his family.

BUFFALO BOATS.—The North shore boats are all running to Cleveland, which they will do during remainder of the season.

THE RESULT IN THIS STATE.

We annex the vote, as far as officially ascertained, of the several counties of this State, as Governor and State Superintendent' the two most contested offices at the recent State Election:

Counties.	*For Governor.* Farwell.	Upham.	*For State Sup'rt.* Lord.	Ladd.
Milwaukee,	2553	2373	3092	1827
Washington,	520	1760	869	1496
Dodge,	1302	1401	1034	1613
Grant,	1025	985	894	1121
Rock,	1771	1141	1597	1377
Dane,	1454	1047	1116	1320
Fond du Lac,	875	860	872	887
Green,	504	530	460	539
Kenosha,	809	367	769	378
Marquette,	681	722	639	785
Iowa,	659	679	543	790
Lafayette,	—	241m.	—	m. 315
Racine,	1087	715	1125	728
Jefferson,	1121	1152	1066	1216
Sauk,	471	490	449	519
	14,835	14,469	15,615	15,001

In the above 14 counties, officially heard from FARWELL leads UPHAM for Governor 366, and LADD is 386 votes ahead of LORD, for State Superintendent. The following are the reported results in the remaining counties of the State on Governor:

	FARWELL.		UPHAM.
Winnebago	400 maj.	Sheboygan	300 maj.
Walworth	900 "	Manitowoc	300 "
		Outagamie	103 "
Waushara	150 "	La Crosse	100 "
Oconto	50 "	Calumet	75 "
Columbia	56 "	Bad Axe	45 "
Waukesha	31 "	Portage	30 "
	1593		953

Brown nearly even; Crawford, Chippewa, St. Croix and La Pointe not heard from.

Adding these totals to the official aggregates above, we have, FARWELL 16,128 UPHAM 15,122—majority for Farwell 1,006.

This, of course, is subject to deductions by the official canvass, and the returns from the four remote counties not yet heard from Mr. FARWELL'S official majority will probably fall below one thousand.

As to State Superintendent, the vote promises to be unexpectedly close, though the chances are decidedly in favor of Mr. LADD.

THE NEXT LEGISLATURE.

Annexed is a list of the Senators and Assemblymen composing the next Legislature, complete except as to one or two counties from which the official returns have not yet been received.

If these reports prove correct and the tie in Dodge County shall be decided, at the next trial, in favor of the Whigs, they will have exactly *one-half* of the Assembly. In any event the Whigs and Free Soilers will have a majority in the Assembly, and probably on joint ballot.

IOWA, GREEN, AND LAFAYETTE.—The Mineral Point *Tribune* brings us the Official canvass, from Iowa and Lafayette. The former includes, we presume, the vote of Richland, heretofore reported at 40 for UPHAM. From the Monroe *Sentinel*, we copy the official result in Green. UPHAM has 27 maj. for Governor, and we lose the Whig Senator by *eleven* votes. The Whig Assemblyman, however, is chosen by 58 majority. Dr. LADD, for State Superintendent, in these three counties has 641 majority, and Mr. UPHAM 286—not so large a difference in Dr. LADD'S favor as was at first reported.

SHEBOYGAN CO.—*Assembly.*—The vote in the first district in Sheboygan Co, stands as officially reported Shafter, whig, 390, Hobart, Loco, 303; and in the second district Murphy, loco 225, Baldwin do 243; Conger, whig, 309, Lombard, *ind*, 53.

Smith, the Loco candidate for County Treasurer, is elected by 3 majority.

For the Sentinel.

Messrs. Editors:

Messrs. Fratney, Herzberg, Upham & Co. are very angry, that they met with such great disappointment at the last election, consequently Mr Fratney abuses and insults us, who electioneered, and says that we have sold our souls for money; this is the first falsehood. We have received money for using our teams to carry voters to the Polls, and electioneer, and no sane man will ask anybody's services (*especially in a "good cause"*) without due compensation, but we have not sold our votes.

We will now proceed to give a little sketch, why we supported Mr. Farwell. Several of us have at former elections voted and electioneered for Messrs. Schoeffler and Hubbell, and have always supported the regular democratic ticket, and as a great many Germans were going for Mr Upham, we supposed that he must be the best man.

Mr. Nugent offered two of us, on Saturday before election, $20 if we would electioneer for Mr. Upham; but when we came to see money, alas! they had none. Consequently this is the second falsehood—Mr. Fratney asserts we offered our services. And the third falsehood is that Mr. Upham treated the proposals with contempt; Mr. Schoeffler refused and said Mr. Upham had no money and would give only $5. Well we could not accomplish much with so little money.

Several of our Whig friends had asked us previous to this to electioneer for Farwell, but we declined on the ground of his being a Whig.—Then an acquaintance of ours, Bill Sauertieg, told us the following story of Farwell:

When Mr. Farwell was a Merchant in this city, and Bill S. was poor, Mr. F. advanced him money enough to build a house, and pay him when convenient; previous to this he furnished him means to buy a horse and dray, and put him in a way to make his living and pay what he advanced.

Sauertieg owed Farwell $100, and another poor German went to him, who was very much in need of a stove; S. went with him to Farwell, and went his security altho' owing Mr. F. $100, and obtained the stove on credit, to pay when he would have the necessary means to do so. S. also said that Farwell was no temperance fanatic. When we heard this we saw readily that whatever Mr. Fratney had said against Farwell was false, and thought, if he was a good man for poor folks, *that he must be the right man for the People.* Consequently we voted and electioneered for Farwell, and for our services and expenses we received money, which was right.—*We cannot all be County Registers and Treasurers.* Bill Sauertieg had, previous to this, never electioneered, and nothing but gratitude towards Mr. Farwell prompted him to go for him, and he declared publicly three weeks before election that he would go for Farwell.

When we informed Mr. Shoeffler that we were going for Farwell, he was not so angry as Mr. Fratney, and asked us to put Stein's name on the ticket, which we did with pleasure.

This is the whole story, and our citizens may judge for themselves. Mr. Fratney pretends to be a friend of the People, but is not ashamed to insult one of us for earning his living by drawing ashes. The "Ash-Matthes" has earned with the labor of his own hands the property which he owns, and is not disposed to sell his soul; he has never written for a Whig paper, nor obtained Whig money to establish a paper and then turn his back to the Whigs and play Democrat. Consequently the "Ash-Matthes" and others, consider themselves too good to hold any further controversy with Mr. Fratney. For whoever knoweth him, will not buy him ——— again.

City Matters.

UNIVERSITY INSTITUTE.—Such is the title of a School of the higher grade, just organized in this city, and to go into operation next week, in handsome rooms in YOUNG'S new block on Wisconsin street, furnished expressly for its use. Rev. J. G. WILSON, late of Indiana, and Messrs. WILCOX and HOTCHKISS of our city, are named as Professors in the different departments. Mr. WILCOX has long been a very successful teacher among us—we have no knowledge of the other gentlemen named.—Mr. BIEDERMAN is to give instruction in Music, and Mr. TORREY in Drawing &c. We should be very glad to see such an enterprise succeed. For particulars, see the advertisement and circulars.

☞ BIDWELL—our enterprising neighbor, over the way, next door above the "Red Bird"—is desirous of having it generally known that he can do some things as well as others, and among the other things he serves up a *clam chowder* this day 10 o'clock. His friends and the friends of chowder will please stand by him on the interesting occasion.

"Review of the Causes which have led to the defeat of the Democratic Party."

Under the above title, the Oshkosh *Telegraph*, a "democratic" paper which has taken a prominent part in exposing the misdoings of its party, makes the following remarks relative to the result in the State. We commend it, as a whole, to the consideration of our neighbor down town. Read—mark— and learn!:

Up to the present result, the political history of Wisconsin has been but one series of democratic triumphs. All offices of honor, profit or trust, were filled with men of that class. The murmur of one party was stifled by the cry of adherence to the other. Year after year these things have succeeded, while corruption, fraud and intrigue ruled dominant over the interests of every settler of the State.

A vast fund was established, ostensibly to aid in the cause of education, but it has already been utterly lost to their interest, in having been loaned by worthless, indolent, treacherous State officers, to political adepts and speculators.

A law establishing Free Trade in money was enacted, and at the end of a year's experience, having ruined thousands, was repealed, and one as opposite enacted. This was legislating experimentally, with the vital interests of the people.

All the while the grand Fox River swindle has been going on, men, who before its existence, were poor, having had a hand in its affairs, have built and bought steamboats, mills, real estate, &c., and whether these have been acquired from fair and reasonable emoluments and perquisites, or from an actual mis-application of its funds, are mysteries the mass have endeavored to solve in the present election.

The people had not failed to notice all these things—warm adherents to the Democratic Party sustained it so long as they could. The operation of these various measures had brought upon the State one of the most severe and trying commercial depressions that she had ever experienced.—Men of observation could foresee the result, and hence came the cry for banks and the consequent defeat of the popular party.

What else was to be expected when men had grown insolent, intolerant and dishonest in office. The people had a keen sense of right in the School Fund, and were determined to be rid of all such impostors as Coon, Barstow and their coadjutors.

Read out of the Party.

The Depere *Advertiser* feels particularly joyful over the election of the People's candidate for Governor, over the candidate of its party, and is well satisfied with the verdict as to its own course. The last number says:

Different self-styled Democratic papers have taken turns at reading us out of the party: now, we would just enquire who the *People read out!*—Whom do they endorse, whom not endorse? It seems to us they are reading out most effectually the *Milwaukee Commercial, Green Bay Advocate, Badger State, Kenosha Democrat, Fond du Lac Journal, Watertown Register, Manitowoc Herald, Pt. Washington Blade, Kenosha Democrat, and Monroe Sentinel.*

We advise these papers to crawl into their holes and keep quiet on politics hereafter. The people don't believe in them.

The Menomonee Payment

Passed off without any difficulty whatever.—We must not let the opportunity pass without paying a well earned compliment to our Sub-Indian Agent, Maj. George W. Lawe, to whose indefatigable exertions much of the good feeling so prevalent upon the "Pay Ground" is attributable; to his excellent Clerk Edward Outhwaite, Esq., who received a special token of approbation for the correctness of the Pay Rolls and other papers, from the Head Chief Oshkosh; to Capt. Wm. Powell, the kind-hearted Interpreter, whose long residence in the wilds of the west has made him familiar with the peculiarities of the Indian, and whose keen perceptibility of the Indian character has given him a powerfull sway over the actions and movements of this tribe; and last though by no means least, to Lieutenant Joseph B Collins, U. S. A., and the noble set of troops under his command, for their successfull efforts in keeping liquor of the ground, and quelling every attempt to create trouble.

The payment—perhaps the last which will be made to the Menomonees in Wisconsin—is over, and is now among the reminiscences of Wisconsin history; and fifty years, will be read with astonishment, if not forever buried in the dark Indian grave of eternal obscurity.—Green Bay *Spectator.*

Fire and Loss of Life.

Philadelphia, Nov. 12.

The cotton factory of Mr. Almore on the corner of Hamilton st., near Fairmouth, was destroyed by fire. The hands were at work in the upper story when the fire broke out below, and so rapid was the spread of the flames that the workmen were prevented from escape by the stairs.

Some made their egress from the windows, and one lad, with his sister in his arms, clambered down a rope. Some lives were lost, mostly females. Six bodies are reported to have been found, so charred that they cannot be recognized. One man jumped from the fourth story window, and was killed

Edward Crosby and Miss Browning perished in the flames. The Mill employed about 100 hands in full operation. The loss is about $40,000, part of which is covered by insurance.

☞ There was an old farmer who kept a large poultry yard. Said farmer had one hen, which not content with her proper sphere of action, was continually trying to crow. At last, after repeated attempts, she succeeded in making a very respectable crow. The farmer was eating his breakfast at the time of the victory, but hearing the noise, rose and went out. He soon returned bearing in his hand the crowing hen, without her head.

"There," said he, "I'm willing hens should do most anything; but I ain't willing they should crow. Cocks may crow as much as they please, but hens shall not, for it is setting a bad example."

SUDDEN DEATH.—Yesterday about noon, Mr. Charles Osmer, residing a few miles of this village, called at the store of Mr. Vollner to make some purchases, and while eating an apple, sat down and expired without articulating one distinct expression. Drs. Wright, Schenck and others were promptly in attendance, but their efforts were powerless to aid him. He is a widower, aged 32 years, and leaves one child behind.

Various opinions were given as to the cause of death, from the circumstance of his eating the apple. Some supposed he was choked, but we understand that he had been subject to similar attacks, and this we believe to be a case of apoplexy.—[Oshkosh Telegraph.

DEATH OF SMITH MOORES, ESQ., OF NEENAH.—We regret to have to record the death of this gentleman, which took place on Monday morning last, at his residence. Mr. Moores attended the Indian Payment, where, it is supposed, he contracted that loathsome disease, the small pox, which being aggravated by a cold, caught thro' exposure, terminated fatally. He was in the full vigor and prime of life, was a member of the firm of Moores, Lathrop, & Co., of Neenah, Green Bay, &c., and one of the most prominent and useful men of the former place. He dies sincerely regretted.—*Oshkosh Tel.*

☞ Our Democratic friend of the Indiana Madisonian is in the habit of calling Gen. Scott "the hero of the yaller plume." We do not know what is the color of the proud plume of Winfield Scott, but of course it has the hue which was imparted to it by the fire and smoke and dust of Bridgewater, Queenstown, Vera Cruz, Cerro Gordo, Chapultepec, Churubusco, and Molino del Rey.—Whatever that hue may be, he has no cause to be ashamed of it.—*Louisville Jour.*

Since almost all the candidates who had been spoken of for Speaker have not been elected, and some have been elected who had not been spoken of, we beg leave to suggest the name of C. L. The Shadrach Rescue Case.

Boston, Nov. 12.

Robert Morris, the colored lawyer who has been on trial for several days in the district Court, for aiding in the Shadrach rescue case, was found not guilty by the Jury this morning.

The indictment against Elizur Wright and others implicated in the same rescue, will not be tried for some months if ever.

☞ The Saco (Me.) Union tells about a singular sea-monster captured at sea, about twenty miles from that place. He is described as having a head like a porpoise, shark's teeth, fins like a whale, and a tail resembling a lizard's. He is sixteen feet long, and when taken weighed eight hundred pounds. His skin has been stuffed, and is now on exhibition.

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, November 19, 1851.

The market for the past week has been without animation, the weather unfavorable, and prices showing no change for the better which would lead the farmers and millers to send in their produce rapidly. Barley towards the last of the week, rose fully 5c above the prices quoted last Tuesday, but has declined again to the old figures. Flour, beef, and pork are in demand for ports along the Lake shore, and both steamers and sail craft take full loads.

Flour—mills running moderately and light receipts from the country. Sales at last week's quotations, say $2 00@3 50 for inferior to common country from spring wheat, 2 75@3 25 for common to good country and city, 3 50@4 00 for family extra. Shipments of 1980 bbls.

Wheat—no change in prices—no shipments. Sales in limited quantities at 30@40c for spring, 40@60 for common, to best winter.

Barley—Prices on Friday, 45@50c per bus. but declined and we quote yesterday at 35@42c. Receipts 3000 bus., shipped 10,400 bus.

Oats—in request at 16@16½c. Shipment of 5,877 bus.

Beef—sales cattle at $3 00@3 50,—per bbl. $7 00,—shipped 359 bbls.

Pork—receipts during the last week were large, and packers have been kept busy. Prices vary from day to day, ranging between $4 00 and $4 63, choice lots going at the latter figures; $4 50 is about the figure for a good article. Sale at $13 50@14 00 per bbl. Considerable beef and pork taken for ports along shore.

Salt—sales to arrive at $1 50@1 56—dealers ask $1 63@1 69 for fine salt—coarse, $2 00. Supply good, and some cargoes yet behind.

Fruit—green apples plenty, and quick at $3 00 per bbl; dried $1 75@2 00 per bus.

EXPORT OF SPECIE.—The New York *Express* of the 8th says:

The steamer Pacific sailed to-day with forty-six passengers, and $1,025,000 in specie, of which $774,500 is in American gold. The total shipment of specie for the week has been $1,171,490, and for the year thus far, (from Jan. 1st,) $34,176,631!

In connection with facts like the above, showing what an enormous drain of specie from this country is going forward, it is not to be overlooked that our loss is the gain of rival nations across the water. Late accounts from London and Paris inform us that capital is inactive in the former at 2@2¼ Pc. in large parcels, and in Paris at 1½@2Pc. The contrast between the money market on this side of the Atlantic and the other is very great, and very greatly to the disadvantage of this country. Such is, however, but the mere commercial view of the question. The state of the agricultural markets and the prospect for the future may be read in the following paragraph from the Mark Lane (London) *Express:*

"Since the repeal of the Corn Laws up to the present period, the supplies have constantly been in excess of the demand, and the markets have almost always labored under great pressure; this was the case throughout the year 1850, and with a very deficient harvest, we had low prices and superabundant supplies."

Upon this paragraph the N. Y. *Times* pertinently remarks:

"And this is the market to which the tariff of 1846 foredooms the enormous grain crop of the United States; a market groaning with repletion, and depressed to the very lowest prices! Is it any wonder that our gold flows out at the rate of a million a week, while everything else that we have is rejected by a chronic glut in the world's market for breadstuffs? What hope is there for the American farmer, in view of the fact that the only mart the free-trader leaves him for his garnered crop, has been over-supplied for years: and notwithstanding short production at home, finds near neighbors who are able to provide food at the same rates as the domestic grower? What hope, but the destruction of the present British Tariff, and the substitution of reasonable protection?"

Chicago, Nov. 15, 1851.

Receipts since yesterday noon amount to 178 bu wheat, 2500 bu corn, 500 bu oats, and 145 bbls flour. We note the following transactions:

Grain—sales 117 bu spring wheat, from teams, at 31c—a small lot do for milling at 34c—40 bu winter do. for milling, at 52@60c—600 bu corn, on board, at 31c—300 bu do, on board, at 30c—450 bu oats, at 20c on board.

New York, Nov. 13, 1851.

Flour—State and Western is less buoyant to-day, but prices are steady. Eastern dealers and speculators are purchasing ordinary grades to a fair extent, but local operators and shippers are keeping back, owing to the advance. Sales 3000 bbls; ordinary to choice State and common Ohio $3,81@3,94; mixed to fancy Western with favorite round hoop Ohio, $3,87@4,11 and pure Genesee $4@4,12.

Grain—Wheat opens dull with little or no inquiry from any quarter, owing to the high claims of factors.

Provisions—Pork unchanged at $15 for new mess; $13,50 for new prime.

Whiskey—Less plenty and inclines to improve; sales of 120 bbls at 21½c cash.

Stocks—Closed heavy; Erie Shares closed at 81½; do Incomes declined ½; do 59 bonds sold at 100, and Convertibles 91.

Money unchanged—Exchange firm at 10@10½.

ALBANY, Nov. 12th.

BARLEY MARKET.—Barley is heavy and lower, but rather more active at the decline. Maltsters anticipating a further decline are out of the market, and the sales are mostly for the filling of Southern and Eastern orders; sales 16,200 bu. at 84@85½ for fair to good two rowed, 87 for prime do, and 88c for prime four-rowed, showing a decline of from 2 to 3 cents on the highest sales this season.—[Journal.

SHIPMENTS OF WHEAT AND CORN.— We have taken the pains to ascertain from the books of Warehouse men, the number of bushels of wheat and corn shipped at this point from the opening of navigation to the 1st inst. The footings are as follows:

Wheat, ...	2,017,548
Corn, ...	558,016

We have not ascertained the number of barrels of flour, but it is estimated that if the flour that has been shipped were reduced to wheat, it would amount to nearly another half million bushels.—[Sandusky Register

LEAD SHIPPED FROM GALENA IN OCTOBER.—48,784 pigs of Lead were shipped from this place during the month of October. There are not far from thirty thousand pigs more yet to go forward before the close of navigation.—[Galena Advertiser.

Marine Disasters.

☞ The schooner *Newbould*, Capt. Maine, was capsized on Lake Michigan, with about 30 persons on board, all lost. LIABILITIES FOR STOWING FREIGHT ON DECK.—The Chicago *Democrat* gives the result of a trial in that city, before the October term of the U. S. Court. The suit was brought by Woodward & Herring, of St. Louis, vs. G. T. Foster and J. Dixon, the owners of the brig *S. F. Gale*, to recover the value of 180 bbls. pork which were shipped by the plaintiffs' agent, under the usual bill of lading and stowed by the master on deck, and which were lost overboard in consequence of the collision of the *Gale* with the *Telegraph* on Lake Huron, last fall.

The defence was that the loss of the pork was inevitable; the vessel having sunk by its own weight, and floated only when it was rolled off the deck. The Judge decided the defendants were liable, unless they could show that the loss would have been as great in every particular had the pork been stowed below. Verdict for the plaintiffs for $1,566.

STEAM MILLS, MILWAUKEE, December 14, 1850.

I certify that I have used the METALLIC RUBBER BELTING for the past three years, for driving a Steam Mill, running at a speed of about 700 revolutions per minute. It does not slip on the pullies—will not stretch, nor does it require attention. I consider it preferable to leather, having used both. W. S. EASTON.

THE TAIL OF THE COMET

IS forty degrees in length, but so thin in substance that stars are visible through it. The marvellous tales of some nostrum-mongers are nearly as long, and quite as easily seen through.

The proprietor of *Dr. Guysott's Extract of Yellow Dock and Sarsaparilla*, however, has no occasion to resort to *such tales* in order to attract public attention.

The actual cures performed by the article, wherever it is introduced, is the basis upon which the reputation of this remedy is founded, as the hundreds of certificates of renewed hopes, health, and life, that are continually flowing in upon him, will prove.

☞ *Humbugs may flourish* for a time, but a remedy must possess rare medicinal virtues, to establish the reputation that *Dr. Guysott's Yellow Dock and Sarsaparilla* has established wherever it has been used.

WISTAR'S BALSAM OF WILD CHERRY imparts new vigor to vital action, and relieves the system by opening the the pores of the skin, and promoting the secretion of musculous matter. Its action is sudorific, sedative and expectorant, by opening the pores, allaying irritation, and by rendering the expulsion of mucous matter easy.

Those who take the Balsam will feel immediate relief from the distressing irritations that accompany affections of the respiratory organs. The pores have been closed, the Balsam opens them. The Lungs suffer from irritation, the irritation is soothed; the pulse is violent and feverish, they are softened, and the mucuous membrane is relieved of its engorgement with rapidity and ease. All by the use of this delightful remedy.

DAILY SENTINEL.

ARRIVAL OF THE CAMBRIA.

Halifax, N. S., Nov. 12.

The Cambria arrived at 8 o'clock this morning, with 50 passengers—40 for Boston. No American steamers had arrived at Liverpool since the departure of the last mail.

The Humboldt reached Cowes on the 31st.

Cotton.—A large business was done during the week ending on the 31st ult.

There was an eagerness to sell the large quantity being in excess. Prices remained at the close about the same as on Friday. Provisions, except in fair qualities were 1/8d to 1/4d lower.

The weeks sales amounted to 46,000 bales—including 5,700 for export, and 1,850 on speculation. On the 1st the sales were 8,000 bales at full prices. Quotations were for Mobile 5—Orleans 5¼.

The corn market, with an occasional variation of 1d per 70 lbs on wheat and 3d per bbl on flour, was in favor of the buyer—moderate consumptive business was transacted—stocks decreasing and prices rather firmer. Western Canal 14s a 16 6d per bbl. Southern 18s a 19. Canadian 18s a 20. Indian corn meal no change. Wheat fluctuating—for some sorts 1d more money had been obtained.

Provisions.—A brisk demand exists and heavier returns are obtained for butter and bacon. No American pork in first hands, and bacon wanted. New will find buyers at extreme prices. Lard has receded 2s per cwt.

Money continues abundant. Discounts easy at 2 per cent.

The funds had fluctuated, owing to apprehensions in relation to French affairs—the French funds having shown some depression, and the prefect having notified the citizens of Paris that he may need their services in the cause of order, and desired them to hold themselves in readiness at a moments notice.

Consols closed on the 31st at 97 5-8 a 97 3-4—foreign stocks particularly. American remained inactive.

Letters by the overland mail convey satisfactory intelligence as to the markets and the aspect of political affairs. The dates were Calcutta Sept. 4, and Bombay, Oct. 3.

The English people were paying marked attention to Kossuth.

He will leave Southampton with his family and suite for the U. S. on the 13th inst. on the steamship Washington.

The banquet at Southampton had passed off brilliantly.

The London Times continues its attacks on Kossuth, and has to some extent affected public opinion among the more cautious classes and those who are jealous of his reputation.

Lady Franklin has made a very urgent appeal to the Admiralty to send out a powerful steamer to explore the passage which Capt. Penny thinks exists, and this appeal is strongly sustained by some of the press and many persons of influence.

Three important subjects of commercial legislation will engage the attention of Parliament at its next session, viz.:

Custom House reform, the steam mill contract system, and the law of partnership.

Washington, Nov. 12.

Capt. Parker has been sent on a special mission to Havana, relative to the charges against Consul Owen.

Nov. 13.

Mr. Webster has received a beautiful letter from Kossuth, referring to the celebrated letter to Chevalier Hulsemann, the Austrian Minister.

There is no truth in the despatches about the Spanish Minister threatening to demand his passport.

Baltimore, Nov. 12.

The $750,000 Coupon bonds of the Baltimore and Ohio Railroad were taken at 80 per cent by Messrs Lee & Co. 15 per cent of which is to be paid on acceptance, and the balance in monthly instalments of 20 per cent. This secures the completion of the road to Wheeling by the 1st of January, 1853.

Berlin, Oct. 23.

The trial which has been so much spoken of, touching the liberation of Professor Kinkel, was resumed yesterday. You will recollect that Kinkel was sentenced to imprisonment in a fortress for life, and that he escaped from Spandau in November last. The accomplices of his escape are now brought before a jury. They acknowledge their complicity, but deny that they were either bribed or threatened. Bruhne, as one of the appointed keepers of the prisoners, has been condemned to a year's imprisonment in the house of correction, and to the loss of the national cockade, being declared, incapable of serving in future in any public capacity; but Kruger, the other prisoner, was, after a good deal of hesitation acquitted.—*London Daily News.*

Wisconsin.—Amidst the general defection of Whig States, we have a gleam of better things from the young State of Wisconsin. The Whig candidate for Governor, Mr. Farwell, has been elected. The principal question at issue in the canvass in that State, was whether the establishment of Banks should be authorized under the law of the State. This was submitted to the people for decision, and the Whigs generally, and their candidate, took the affirmative. The result is a triumph of the advocates of a judicious system of Banking. On purely political questions, there was not much agitation, but Mr. Farwell received the support of the Free Soilers in many cases, some of the papers on that side taking open ground for him. We trust by prudent management and good counsel, the Whigs may cultivate their strength in that Western State, and that we shall be able hereafter to count it among the faithful.—Rochester Democrat.

Counterfeit Money.—A counterfeit twenty dollar bill on the State Bank of Ohio was passed in this city on Thursday evening last by a dark complexioned man, dressed in a dark, single breasted overcoat. The bill was not discovered to be bad until Friday morning, when the person who passed it had left the city by railroad. Messrs. Davis & Martin, Attorneys of this city, immediately telegraphed the matter, with a description of the man, to the various points on the road where there are offices. When the cars arrived at Aurora, he was in them, and was at once arrested. Intelligence of this was telegraphed to the Messrs. D. & M. and an officer with a warrant started on the Friday afternoon train, and brought the offender back to this city.—[Chicago Democrat of yesterday.

TAPSCOTT & CO'S
General Emigration and Foreign Exchange
AGENCY.

NEW-YORK:	LIVERPOOL:
W. & J. T. Tapscott & Co.,	W. Tapscott & Co.,
86 SOUTH STREET.	ST. GEORGE'S BUILDINGS.

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr W. TAPSCOTT—whose well known care and attention to passengers embarking by our line has won for him his present high reputation among the emigrating public.

JOHN DWIGHT & CO'S
SODA SALÆRATUS

MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water st.

The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.

Also may be found, John Dwight & Co's

Washing & Cleansing Powders,

which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works, leaving the iron perfectly dry, and not liable to rust.

Directions for use are printed on each package.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the Foundry business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
Double Oven Cooking Stove,
(*Which received the First Premium at the State Fair, lately held at Janesville,*)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

TAKE NOTICE!
PATENT
BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure and what is of far greater importance, these Bedsteads are "BUG PROOF." For those reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used;

In enumerating its advantages, the proprietors can repeat the statement of competent persons in this city and elsewhere, who have had the best opportunity of proving of its merits.

FACTS WILL ALWAYS SHOW

and when we say that one firm in New York (Troy) manufactured and altered over (under this Patent) TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and many others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1,25.

In conclusion, we are free to state to a discerning public, that after giving the above Bed Bottom a fair trial they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common sense public.

MILLARD, HOLTON & Co.

P. S. Any person infringing on the above Patent will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

Troy Fire Insurance Company

TROY, WALWORTH COUNTY, WIS.

CAPITAL $100,000.

The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued,	560
Whole amount of Property insured,	$625,651 00
Whole amount of Cash premiums,	5214 37
Whole amount of losses allowed and paid,	371 27
Balance of Cash Premium on hand,	1843 10

IT is gratifying to the Directors to state to the members of this Company, that the business has more than met their expectations, and is rapidly increasing. This unparalleled success in the commencement, and increase of business, show that our plan and management meets with the approval of the public.

The Charter and Bye-Laws are free from objections, and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmer's Department are on farm property, detached dwellings, country churches, school houses, town shoemakers' and saddlers' shops. No hazardous risk will be taken in either department, nor more than $2000 in one risk in a circle of eight rods.

The company possess both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one-half the regular cash premium in full, without a premium note. Stoves may be added or changed, outbuildings erected, if fifty feet from dwelling, and such additions and repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays in case fire, the full amount of damage not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.

The rates charged by this company, though low, are based upon the actual results of insuring for the past twenty years, and are found to be sufficient, with prudent management, to pay all losses and expenses without ever resorting to the premium notes; thus the rates on isolated dwellings and farm property, are a premium note of one per cent, and a cash premium of fifty cents on each $100 for five years.

In publishing our safe, cheap, and popular plan of Insurance, we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery:—

The Washington County Mutual commenced in 1836, by collecting thirty cents on $100; in 1848 they first discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 50 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $9000 in the treasury, and six million at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.

The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington, and their report shows what the Washington is fast coming to. They reported to the Comptroller, Jan. 1, 1850, that their losses and cash expenses had exceeded their cash receipts twenty-nine thousand dollars, and fifteen thousand dollars claims unsettled, making debts and claims forty-four thousand dollars, and some thirty million at risk, on which they will probably lose ninety thousand dollars more, making their actual debt one hundred and thirty-four thousand dollars.

The cash premiums now collected by those two companies on what they insure in future will only pay losses on the same, consequently those insuring with them now not only pay for their insurance, but assume a portion of these enormous debts, which must be raised by tax. These companies are unpopular in New York, and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. Arch Bishop and Lester Wilcox may publish, as heretofore, their firm belief that no tax will ever be necessary, but the figures are the things to judge from.

Since the above reports, the Montgomery have levied a tax on their premium notes.

Now we would ask the public candidly, which of these three companies it is to their interest to insure in: the Washington, and assume a debt of $191,000, the Montgomery, and assume a debt of $134,000, or of the Troy, with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax?

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the mournful truth. Now, to obtain relief it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and completely as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case.

A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause. J. B. TRIPP & Co.

HINMANSVILLE, Oswego Co., May, 1848.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not chronicled until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidently appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" The' it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of any medicine?

Louisville, May 20, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

I have looked over the list of Ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDALL, M. D.
Louisville, June 6, 1848.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 28, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

JAMES M. MOORE, M. D.
Winchester, Ky., Feb. 1, 1848.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY

FOR THE

INSTANT CURE OF PAIN.

RADWAY'S

READY RELIEF,

CURES THE WORST DISEASES IN MINUTES AND HOURS, AND STOPS THE MOST CRUEL PANGS IN SECONDS.

So quick and efficient is Radway's Ready Relief in stopping pain and curing diseases, that it has frequently raised the diseased and hopeless invalid from a bed of sickness in a few hours. It has cured the worst pains of

RHEUMATISM,	In four hours,
NEURALGIA,	In twenty minutes.
TIC DOLOREUX,	In ten minutes.
TOOTH-ACHE,	In three seconds.
SICK HEAD-ACHE,	In three seconds.
NERVOUS HEAD-ACHE,	In fifteen minutes.
SOUR STOMACH,	In five minutes.
HEART-BURN,	In five minutes.
BOWEL COMPLAINTS,	In thirty-five minutes
CRAMPS and SPRAINS,	In forty-five min's.
DIARRHŒA,	In one hour.
INFLAMATION of the BOWELS	In thirty minutes.
LOCAL INFLAMATIONS	In ten minutes.
INFLUENZA,	In twelve hours.
HOARSENESS,	In two hours.

Special complaints, swellings, bruises, sores, wounds, &c., it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.

HERE IS THE PROOF!

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is promised. Not so with RADWAY'S READY RELIEF. Its effects are instantaneous; the first dose that is taken, or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 90,000 cases of Sick and Nervous Headache during the past season. In the Western States where this distressing complaint is so general, Radway's Ready Relief has cured every case where it has been applied. Our agent, at Romeo, Michigan, writes: "Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headache, Weakness, Fainting Spells,—curing many of the worst cases, in the incredible short time of 15 minutes. It is now surpassing every kind of Medicine we have here, in arresting pain and curing diseases of Nervous, Rheumatic, and of Billious type."

LADIES BEDSIDE COMPANION.

Radway's Ready Relief, from its universal applicability for all Pains, Aches, and Complaints incident to this country, writes our agent at Rockford, Ill., is looked upon as a God-send. "Our ladies will not even go to bed unless they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this safeguard in their pockets. It cures all Pains, and all Aches; Headache, Faceache, Toothache, Backache, Earache, Stomachache, Pain in the Limbs, in the Joints, the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly subdued by the use, either internally or externally, of Radway's Ready Relief.

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 679 Water-st., who was confined to his bed for nine months, who tried every Liniment, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr. Freely is now in good health. It cured a lady at Clifton, Va., so writes Roy Jones of that place, "In two hours, of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for SIX YEARS, in twenty-four hours,—so says the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doloreux, who has tried all other remedies advertised, and has not been cured, we invite you to call upon us at our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED, VICTIMS OF NEURALGIA.

Radway's Ready Relief possesses a far more potent power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Nervine in use. It stops the pain quicker, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the snowflake. More powerful than all the Nervous Antidotes, mixtures of Sarsaparilla, &c., in use. Its first action is to blunt the acute sensibility of the nerves—to give strength, vigor and action to the nervous energy; to invigorate the functions and secretions of every organ in the system to a free and healthy action; to give a quickened action to the liver and tone to the stomach; to regulate the action of the bowels and secretions of the skin, and carry out of the system all morbid, poisonous and refuse humors; to give health to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution, to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Ready Relief, taken internally three times per day, and by applying it externally when pain is present, will do all this.

MARRIED LADIES

Should make use of Radway's Ready Relief as a bath. Its invigorating and relaxing properties soften the flesh, gives strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a particular period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness time and again, in a few hours. Taken internally, it enables the patient to expectorate freely, removes all inflammation swelling and irritation of Bronchial organs, and by bathing externally, the neck, throat and chest, it produces a quicker action to the skin, the patient perspires freely, it removes the pain from the throat and gives strength to the lungs.

ERUPTIONS OF THE SKIN.

By adding a table spoonful of Relief to a table-spoonful of Olive Oil, it will stop the most painful itching of the skin in a few minutes, and entirely cures Salt Rheum, Ring Worm, Itch, Burns, Sores, Scalds, &c.

ELEGANT TOILET REQUISITES.

To Enhance and Embellish the Charms of Beauty.

RADWAY'S MEDICATED SOAP.

Radway's Medicated Soap, so favorably known through the fashionable world for its extremely blood purifying and soothing effects on the skin; while by its action on the pores and the minute secretary vessels it expels all impurities from the surface, allays every tendency to inflammation, and effectually dissipates all redness, tan, pimples, spots, freckles, discoloration and other cutaneous eruptions. The radiant bloom it imparts to the cheek, the softness and delicacy which it induces of the hands and arms, its capability of soothing irritation and removing cutaneous defects, render it indispensable to every toilet.

Gentlemen after shaving will find it allays all irritation and tenderness of the skin, and renders it soft, smooth and pleasant.

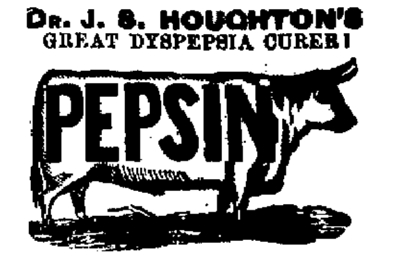
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D. Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.— His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. 'In all cases,' he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed —but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ **Observe this.**—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $3.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.
